

YELLOW COURSE

JUMP OFF:

If a competitor goes clean in the 1st round, the competitor stays in the ring (Table II, Section 2b) or returns to the ring (Table II, Section 2a), and the judge signals when to start the jump-off course.

Note: Competitors going on to the jump-off round always place above those who do not, regardless of their performance in the jump-off round. Jump-off rounds are first decided by adding together the faults incurred over the course and then further classified according to time taken to complete the course. If there are no clean 1st rounds and a tie exists, time taken to complete the 1st round will be used to place the competitors.
