

YELLOW COURSE

JUMP OFF:

If a competitor goes clean in the 1st round, the competitor stays in the ring, and the judge signals when to start the jump-off course.

Competitor must wait to be started for the jump-off course, and must cross the finish line at the end of the course to stop the timer.

Note: Competitors going on to the jump-off round always place above those who do not, regardless of their performance in the jump-off round. Jump-off rounds are first decided by adding together the faults incurred over the course and then further classified according to time taken to complete the course. If there are no clean 1st rounds and a tie exists, time taken to complete

the 1st round will be used to place the competitors.
