Class 17	black course, time first round
Class 18	yellow course, jump off class
	We will add a 3'6 division provided there is sufficient interest. Check box on the entry form if you would like a 3'6 division.

3 Classes per Division

1st class in each division is a relaxed "style & grace" class (!)
Firstly will be judged by faults incurred over the course.
Secondly, rounds will be timed and compared to an "optimum time" appropriate to the division height.
"Optimum time" will be based on the best round in the class, i.e., smoothest, steadiest - the round that looks most like a hunter over fences class.
Ties will be broken by closest to optimum time.

2nd class in each division is a time first round class.
Table II, Section I Time First Round. Only one round is ridden. This round is first decided by the faults incurred over the course. Competitors with clean rounds or equal faults are further placed according to time taken to complete the course.

3rd class in each division is a jump off class
Table II, Section 2 a (jump off rounds after all 1st rounds are complete)
After all 1st rounds have been completed, each competitor that was clean in the 1st round returns to ride a jump-off course. Competitor must wait to be started for the jump-off course and must cross the finish line at the end of the course to stop the timer.
Note: Competitors going on to the jump-off round always place above those who do not, regardless of their performance in the jump-off round. Jump-off rounds are first decided by adding together the faults incurred over the course and then further classified according to time taken to complete the course. If there are no clean 1st rounds and a tie exists, time taken to complete the 1st round will be used to place the competitors.

We have a few stalls available.

Come enjoy the lovely footing in our indoor
during the winter months!
